

Constructing Meaningful Change

What to Expect When Visiting Union Terminal August 2016

Construction is fully underway! Aspects of your general visit will be different as the work continues and we make sure your visit is fun and safe.

- The front entrance drop off zone has been reconfigured due to scaffolding on the exterior of the building. The new drop off and pick up zone is at the bottom of the fountain. This area is not be covered.
- The parking lot on the north side of the building will be available for guest parking. There will be new handicapped spots in this lot.
- The temporary lobby construction will almost be complete by the end of August. You will be able to see the Rotunda for a period of time but must stay on the carpeted area in the front of the Rotunda. You will continue to purchase your tickets at our box office in the same location.
- Restrooms will be available in the Duke Energy Children's Museum and outside the entrance of the Special Exhibit Gallery.
- Both the escalators and large elevator that lead down to the Duke Energy Children's Museum and Special Exhibit Gallery will continue to be available for guests.
- We will have wheelchairs and strollers available for rent.
- There will be food service available on the lower level with limited grab-and-go options.
- We will continue to have retail available in the Special Exhibit Gallery that is in conjunction with the content of *Da Vinci – The Genius*. There will be no retail available on the main level.
- Public safety and first aid will continue to be available on main level. This will continue to serve as our lost and found as well.
