4) This is your invoice. If you wish to **pay by check** print this invoice out. There are several ways to capture this image and print it out so you can submit it with your check. One way to do it (PC and Microsoft Office) is to click on the icon in the upper right hand corner (varies depending on what you’re using) to access the print button.

5) If you wish to **pay by credit card** click on the green button “Pay Now”. This will generate a pop up window where you enter your credit card information. The name and phone number should be for the credit card owner, not the student.
