- How does Museum Camp manage behavioral issues?
  - If campers are participating in disruptive behavior, our instructors first use positive reinforcement and redirection to help them make better choices. In cases where the behavior continues, the following steps are taken. Campers are given three chances to follow directions after a warning or conversation with instructor before losing a turn or being asked to sit out.
    1. Warning
    2. Conversation with Instructor
    3. Sit Out from Activity
    4. Speak with Coordinator or Manager
    5. Call Home/Conversations with Parents or Guardians
6. Removal from Camp
   o In cases where Museum Camp Staff are concerned that the behavior of a camper is harmful to themselves, other campers, staff or their surroundings, steps may be bypassed in order to address the situation.
