**Dinosaur Hall**

*Dinosaur Hall* at Cincinnati Museum Center features six giant dinosaur specimens, including the nearly 60-foot-long *Galeamopus pabsti*! As you explore this gallery, we invite you to let your imagination run wild. The prompts below will help you experience all that this gallery has to offer. To learn more about CMC’s *Dinosaur Hall*, visit [cincymuseum.org/sciencemuseum/dinosaur-hall](http://cincymuseum.org/sciencemuseum/dinosaur-hall)

**Act**
- From the top of the ramp in *Dinosaur Hall*, see how many steps it takes you to walk to the bottom of the ramp. Here is the catch: try stomping like a Daspletosaurus!
- Pre-K: Count all of the dinosaurs you see! Which dinosaur is the smallest and which is the biggest?

**Discover**
- What types of food do you think dinosaurs ate?
- Most dinosaurs went extinct. What can you learn about the mass-extinction event that wiped out most of them?
- What differences do you notice between the Theropods and Sauropods?
- Pre-K: How tall are you compared to the Apatosaurus thigh bone?

**Investigate**
- Did you know dinosaurs are not extinct? Where can you find them today?
- How is the Jurassic environment similar to and different from our environment?
- Pre-K: What similarities and differences do you notice between dinosaurs who walked on two legs and those that walked on four legs?

**Share**
- What is a dinosaur?
- What is your favorite dinosaur? Why is it your favorite?
- Check out the Paleontology Lab. If you were a paleontologist, what would you want to learn about dinosaurs?
- Pre-K: What sound does your favorite dinosaur make?
