

# Adapt to Thrive

Troglifauna are a group of animals that have adapted their bodies to thrive in dark environments such as caves. They lack the ability see, so they rely on special adaptations to help them find food.

## Materials:

Boxes or Containers  
Cotton Balls

Variety of Textures and Scents

## Smell

1. Add scents to cotton balls and place them in different containers.
2. With a partner, take turns closing your eyes and trying to identify each scent.

## Touch

1. Place textured items in different covered boxes.
2. With a partner, take turns closing your eyes, reaching into the box, and trying to identify each texture.
